

Mentor

Mission Statement

The purpose of La Salle's Mentor Program is to create an environment that promotes the welfare of the whole person — academic, social, spiritual, and emotional — where faculty and staff serve as big brothers and big sisters to the students entrusted to their care.

Structure

- The mentoring period is a class period that meets on most B days for 40 minutes
- Freshman mentor groups average 16-17 students
- Mentors build relationships, challenge students to pursue academic excellence, to be persons of service, to make wise decisions, to follow school policy, and to engage fully in activities and events at La Salle.
- Mentors follow their mentees from 9th grade through graduation.

Curriculum

- Academic Success
- College Admissions Preparation
- Life Skills
- Financial Literacy
- Social-Emotional Wellness
- Community Building
- Community Service
- School News and Information
